Natural England

Summary of the September 2026 updates

On the 21st of September, Natural England's Marine Conservation Advice published:

- Updates to 6 formal advice packages and 1 draft advice package

The updates to all packages in this publication round are reflected in the most recent 'September 2026 publication updates' document, available on the [MPA CA Guidance page](#).

Where to find marine conservation advice packages

The packages listed in this email can be accessed via the [Marine Protected Areas: conservation advice packages collection](#) on [.GOV.UK](#), alongside previously published advice. Packages are split among sea regions, as detailed below. You can also navigate directly to the packages by using the [search tool on Designated Sites View](#) or via the [interactive map](#). The [interactive map](#) includes a filter for 'Latest Update Cycle' which will display the packages which have been updated as part of the September 2026 publication round.
